

SL-201B20 SERIES

Highlight Features:

- Great for under-cabinet and other low voltage applications
- To be used with constant current led driver
- High output white or warm white LED
- 50,000 hours life cycle
- Reverse polarity protected
- Constant current regulation
- Proprietary design for excellent thermal management and lumen maintenance

Technical Characteristics:

- 350mA constant current operation for 1W/700mA constant current operation for 3W
- Body material: anodized aluminum
- Ambient operating temperature range -35 to +45 degree Celsius
- 30° or other as customer' s special requirement

Design Application:

- Home /office lighting, display case lighting
- Under cabinet lighting
- Art lighting
- Boat lighting, accent lighting

Typical Lighting Ordering Example:

SL-201B20 – 1W – M - 30°

SL-201B20	<u>Power consumption</u>	<u>LED color</u>	<u>Optic*</u>
	1W - 1Watt	M - Warm White	30° lens
	C3W - 3Watts	W - White	15° lens

* Optic options are based on customer needs
