

Crossover[®] to LED Parking Lot Lighting with LSI Retrofit Now & Start Saving Today

Think Green > Think Crossover[®]
XAS/XAM Area Light Fixtures

**50% - 70% less energy than
traditional metal halide
lamps**

60,000 hours life

**Over 75% reduction in
maintenance labor cost**

IP65 rated for outdoor use

Crossover[®] to Solid-State Lighting with LSI

- Outstanding performance with exceptional uniformity with full cutoff
 - Three distribution types (2, 3 and 5)
- Completely sealed optical assembly with fully tempered clear cover glass – *no exposed optics and electronics to degrade from dirt, moisture or other environmental factors*
- Sleek, contemporary housing design. Available in 2 sizes – *suitable for pedestrian walkways, egress areas and parking lots*
- Exceptionally low EPA for lighter gauge poles – *tremendous retrofit opportunities*
- Integral drip edge on housing protects lens from rain to maintain ultimate optical performance
- Tapered rear design allows a quad mounting pattern without extension arms
- Suitable for high ambient temperature (50° C)
- Single circuit board design – *fewer number of connections and seals to fail*
- Designed & manufactured in the U.S.

U.S. and international patents pending
